

Manjimup Itinerary

Manjimup - Early settlers rejoiced in the potential wealth of the land and created their future with the axe, plough and the sweat of their brows. This pioneer history has created the vibrant cultures that are so much a part of Manjimup today.

Manjimup has a population of around 5,000 and is the regional centre for the Warren and Blackwood Valleys, providing all the facilities you would expect, including an airport.

The Visitor Centre is centrally located in Manjin Park and open 7 days, with friendly staff who will always have time to assist you with information and accommodation bookings to ensure your visit to Manjimup is interesting and enjoyable.

There is a Coles and a Woolworths supermarket in Rose Street for all everyday needs, but if you are keen to try locally produced products you can't beat 'Alfs' on the corner!
